Ok, thx. So will we be posting sampling results there before they're qa qcd? We should anticipate questions on what we post and what it means, so we need to be prepared.

Betsaida - PolReps are the standard reporting mechanism the OSCs use to provide updates and document site activities. The are focused on just the facts.

Shawn,
What does this pollution reports mean?

Heads up that polreps (pollution reports) will be posted periodically to the epaosc.org website.

I imagine Sierra Club will send a letter on the last item you pointed to.

· Humane Zia received a call from the Sierra Club inquiring how EPA would prefer to receive the information they have concerning a "laundry list" of situations in PA similar to Dimock.

LEGAL ISSUES (Humane Zia)

· On Friday, January 20, 2012, Humane sent emails to Cabot's counsel re:

1. Advising that EPA is available to meet them and that ORC will call them within the next few days re: logistics.

2. Reminding them that Cabot needs to secure its own access from residents for split sampling.

· Humane responded to an attorney (Shippen Howe) for Van Ness Feldman (DC firm representing energy sector) by sending him the link to the OSC website.
